A not-for-profit organization, Hospitality Saint John Inc. is the voice of the hospitality industry in Greater Saint John.

An initiative and successful partnership of industry members for more than 20 years, HSJ has long been an example of industry cooperation envied by other regions and industry groups.

As a venue for networking, mentoring and promoting an industry agenda to government and the community, HSJ is a valuable resource for both industry veterans and newcomers.

With a membership roster representing accommodations, food & beverage, facilities & attractions, travel service providers, government partners, key suppliers and others, the Association provides a ready opportunity for building and developing relationships crucial to the success of individual members and the industry as a whole.

In addition to nurturing positive relationships with media and government contacts which ensure that our voice is heard, HSJ also promotes industry interests through a number of special projects.

Structure

Membership meetings are held six to eight times each year, usually during the lunch hour, at a variety of venues. Member properties usually play host but not just the hotels. Expect to experience some non-conventional meeting sites.

Between membership meetings the Board of Directors - usually six to ten representatives elected annually from among the membership - meet regularly to monitor and address issues, coordinate subcommittee work and when necessary, gather membership input on issues or projects.
